

ELECTRICAL PRODUCT CODE

4129360 EXI-T

TECHNICAL FEATURES

Installation: Wall mounting

Electricity supply: 230 V

Power input: 11 W

Light fitting structure: Aluminium

Size of sign: 785 x 170 mm

Illuminated surface area: 785 x 190 mm

Mechanical external dimensions: 845 x 250 mm

Brackets: Stainless steel

Light fitting: IP65 rated

Available in one-sided models.

EXI-T is a sturdy, high-quality illuminated sign with an aluminium body. It is well suited for use in tunnels and other demanding conditions. It offers even light distribution as well as good contrast and illumination. The sign is made of acrylic. The illuminated sign has a viewing distance of 34 m, and the exit signs can be tailored according to the specific purpose of the site. It can also be used in damp and dusty environments.

All of our products are reliable, CE marked and compliant with the valid EN standards as well as EMC and LVD directives.
