

LED-2T/U

LED-2T/U is an emergency luminaire designed for illuminating corridors and exit routes. It is equipped with a lens that delivers a long and narrow light pattern. Luminaires are typically installed at a height of 2.5–7 m and up to 24 m apart.

Applications include long corridors and exit routes. Luminaire is IP44 rated and has an ABS plastic body. The standard colour for the plastic parts is white (RAL9016).

Applications: buildings with long corridors, including office buildings, hospitals, schools, warehouses and business premises.

Valaisimien asennusväli 8 m asennuskorkeudella 3–7 m.
