

ELV-65

ELV-65 is one-sided guide light designed particularly for humid and dusty environments. It is IP66 rated and has a viewing distance of 26 metres. Plastic body is impact-resistant polycarbonate. It uses a powerful LED module as a light source. Light fitting can be wall or ceiling mounted.

Two-sided diffuser is available as an option. It enables mounting the luminaire horizontally or vertically. With the diffuser, the guide luminaire is IP65 rated and has a viewing distance of 30 metres.

Typical applications for the luminaire include car parks as well as warehouse and production facilities.
